Heartline & Heart House

Serving Woodford County Since 1982

Our Mission:

To provide emergency shelter for women and children only; financial aid and education; community and resource referrals; and basic essentials to residents of Woodford County who find themselves homeless, victims of domestic violence, or in any other crisis situation.

**Where Crisis ends
and Hope begins....**

What We Do...

Heartline & Heart House

The Heartline program manager works with people in the community (outside our shelter) who have needs with rent, utilities, medicine, food, paper products, diapers, formula, clothing and furniture. GED and C.N.A. classes are held in the Heartline Community room and taught by ICC.

Clients make an appointment with the program manager to go over their income and expenses. Then they are assisted with budgeting and determining what services are available. Clients are referred to other agencies for services that Heartline does not provide.

Heartline schedules and facilitates community classes open to the public that assist with financial education. At these classes, clients receive free paper & hygiene products. Heartline coordinates service events such as Operation Backpack, Thanksgiving from the Heart and Tree of Hearts.

**For more information or assistance contact our Heartline Program Manager
309-467-6101 EXT 13**

Heart House serves women and children only (males up to age 14) who are homeless or victims of domestic violence. The Heart House program focuses on meeting the four life needs of shelter residents:

- ♥ Physical
- ♥ Mental
- ♥ Emotional
- ♥ Spiritual

Shelter residents and their children work closely with staff to assure individualized programs are established to best suit immediate and long-term needs. Program directives change throughout clients progression through the program.

Staff will continually assess residents on-going needs to maintain an individualized plan. This plan will prepare them to make pertinent steps in gaining self-reliance. They learn the tools to achieve self-confidence, deeper knowledge of self-worth, and the ability to successfully live independently.
